Education and Training

Northwestern University | Evanston, IL (Remote, Part-Time) | July 2024 – January 2025

Certificate Program: Full Stack Web Development Bootcamp

Relevant Skills: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Express.js, React.js, Node.js, PWAs, MongoDB, MySQL, Agile Methodology, Git

Indiana University | Bloomington, IN | 3.89/4.0 GPA | Graduated May 2024 with High Distinction

Major: Bachelor of Science in Informatics

Minors: Web Design & Development, Human-Centered Computing

- Provost's Scholarship Recipient, Luddy Direct Admit Scholarship Recipient
- Member of Phi Eta Sigma and Alpha Lambda Delta National Honor Societies, IU Chapter
- Dean's List Fall 2020, Spring 2021, Fall 2021, Spring 2022, Fall 2022, Spring 2023, Fall 2023, Spring 2024

Relevant Coursework

- Performance Analytics (INFO-I 369) Term Project, Fall 2022
 - Researched correlation between positional payrolls of NFL teams and team performance
 - Developed a JupyterHub Python notebook to scrape and parse data from the web, normalize values, and create visualizations using Matplotlib. Visualizations included "Distribution of Salary Cap Allocation to a Designated Position" and "Positional Spending Over Time by Team Tier"
- Application Development (INFO-I 311) Final Project, Spring 2024
 - Worked with two other students to develop a Minesweeper game using JavaFX, Eclipse IDE, and GitHub
 - Relatively simple requirements for the first phase, but second phase involved more advanced requirements after switching codebases with another team that was also assigned Minesweeper

Technical Skills

- Microsoft Visual Studio, Eclipse IDE, Unity, Arduino IDE, JupyterHub, Git, Adobe Photoshop, Adobe Illustrator
 - Active Directory, ServiceNow, Bomgar BeyondTrust
 - .NET, C#, Blazor, Java, Python, HTML, CSS, JavaScript
 - Avid Pro Tools, Adobe Audition, FL Studio, Audacity, MaxMSP
-

Experience

Application Development Intern | Fiserv – Fishers, IN | June 2023 – August 2023

- Converted a loan payment allocation calculator app from the ASP.NET MVC framework to .NET 7 Blazor server
- Collaborated with business analysts and other developers to finalize a vision for the new Blazor application
- Ensured one-to-one functionality / backwards compatibility between the original MVC application and the Blazor application

IT User Support Technician | Indiana University UITS TechSelect – Bloomington, IN | July 2022 – October 2023

- Manage ServiceNow ticket queues to ensure fast response and resolution times to clients.
- Perform an array of technical services including building and reimaging computers, updating software, troubleshooting connectivity issues, and deploying new technology to clients
- Provide remote assistance to clients via Bomgar BeyondTrust

General Merchandise Clerk | Meijer – Evansville, IN | May 2021 – August 2021

- Assisted customers, ensured products were in stock, ensured that isles were tidy, returned misplaced products to their intended location and assisted other departments when necessary.

Eagle Scout Project | Troop 352 – Newburgh, IN | 2019

- Planned and executed a service project to create and distribute a neighborhood directory
- Led a group of Boy Scouts in surveying the neighborhood of approximately 85 houses for basic information to include in the directory
- Worked with the head of the neighborhood watch organization to create an informative neighborhood directory
- Led a group of Boy Scouts in distributing the directories to every household free of charge

BPA Member | Castle High School – Newburgh, IN | September 2017 – March 2020

- 3-year BPA Member (Business Professionals of America), 2-year BPA National Competition Qualifier
- VB/C# Programming Competition - 2019 5th Place in State, 2020 2nd Place in State
